

PARTNERSHIP OF THE Manitoba Capital Region

The Partnership of the Manitoba Capital Region (PMCR) is pleased to be hosting ***Shifting to Drive*** - an exciting day of ideas and conversation on March 9, 2017 at the Metropolitan Entertainment Center in Winnipeg, Manitoba.

Manitoba has a rich history of navigating change even when it's hard and the terrain uncharted. All too often when the gloves go on, the gates go up and leaders from business, government and civil society hit the, "*We are too small, too flat, too few, or too cold...*" roadblock.

Shifting to Drive aims to change the conversation by bringing local, national and international thinkers and doers together to share their insights and inspire us to get out of the ruts and move beyond the roadblocks.

Please join us for this fast-paced day of ideas and networking as we explore opportunities to; collaborate more effectively, build better relationships, spur innovation and encourage economic growth while stewarding our resources in way that secures our future.

It's time to buckle up and kick it into high gear as we move Manitoba forward, together.

Should you have any further questions regarding this event, please contact Colleen Sklar or Jennifer David at communications@manitobacapitalregion.ca
