

# CONCLUSION

- Strong community support:
  - Aquatic facility is the most requested recreational amenity for Springfield when residents surveyed by Municipality
  - Assisted living facility has wait list of over 50 people and seniors housing survey indicates significant need in Municipality
- Campus concept creates an aging in place community.
- Innovative concept of including a community aquatic facility in this campus will:
  - Create destination point for Municipality
  - Accolades for creating intergenerational opportunities in our community
  - Sustainable seniors' community model that will guide other Canadian communities
- Strong Municipal support in partnership with:
  - Canadian Mortgage and Housing Corporation (CMHC) Co-Investment Fund
  - Federation of Canadian Municipalities (FCM) Green Municipal Fund
  - Springfield Community (fundraising)
- Besides creating jobs, the campus will market Springfield as a destination to attract:
  - Residential home buyers and
  - New businesses looking for exciting housing options for their employees
- PROJECTED CONSTRUCTION START DATE: **Spring 2022**
