

Berger Environmental Report

First of all, Margaret and I would like to thank all of you who signed the petition requesting public hearings in regards to the Environmental Licence Application by Berger Manufacturing.

Over 35 submissions by residents, *against The Berger plant, were received* by the **Environment Review Committee**. However, *Environmental License Number 3335 has been issued by the Province Of Manitoba*, many of us have **filed an appeal** which is **our right under the Provincial Act**.

Through all of our efforts, the licence has been Issued with moderate restrictions.

I have also provided a link to the entire Environmental Act Licence NO 3335 report.

LINK: <https://www.gov.mb.ca/sd/eal/registries/6055berger/index.html>

The major restrictions are below:

- Berger must have two meetings per year with a community liaison committee consisting of two residents and a member of RM Springfield council to review concerns and complaints from residents.
- Berger must have water samples tested on a regular basis and results must be submitted to the director or assigned environment officer.
- Berger may not cause or permit an odour nuisance created as a result of operation.
- Berger may not cause or permit a noise nuisance created as a result of operation or alteration of development.
- Berger must submit a complaint management plan to the director for approval.
- Berger must submit a landscaping plan to RM Springfield for approval and to the director and will include an established physical and visual buffers and reviewed by the community liaison committee.
- Berger shall operate all material storage areas in a manner to prevent wind blown waste, litter, odour generation, fire and other hazards.

*A meeting is scheduled for concerned residents on
Wednesday September 30th, at 7:30 pm, at 21115, Oakwood Road,
in the RM of Springfield.*

Please call or email to let us know if you will attend.
